KEYSTONE'S FITNESS CENTER

FITNESS STUDIO LOCATED ON BEAUTIFUL KEYSTONE LAKE

Yin Yoga ●

In this practice, poses are held for 3-5 minutes at a time with the focus on the connective tissues of the body. Many postures are seated, but focus on the whole physical and emotional body.

Restorative ●

Restorative yoga combines different postures for longer intervals, allowing you to release tension more effectively.

Slow Flow ●

Class is slower paced than align and flow classes, and is focused on developing clear and safe alignment in foundational poses. Slow flow is a great way to transition into the work week.

Meditate and Move ●

De-stress, recharge and reset with a combination of sitting, moving and guided meditation. This is a good way to set an intention to bring those fun, carefree feelings home with you, or just give your mind and body a break.

Water Aerobics ●

Water aerobics uses the natural resistance and buoyancy of water against your body to provide a wide variety of conditioning activity. No swimming is required. This helps increase your energy, stamina and strength -- and it is easy on the joints while being a healthy way to cool off in the summer! Classes are 45 minutes. Suitable for all levels!

Align and Flow ■

Classes are open to students of all levels and offer alignment principles and biomechanics from which students can explore their inner creative potential and have fun while healing and transforming.

Breathe and Flow ■

This relaxing class uses the flow between poses to promote physical and emotional openings.
